Buddy Rules:

1. PHMSA will make the best attempt to pair buddy requests. Due to the following requests, sometimes this cannot happen. Sponsors, Coach Pairings, and North vs. South requests can alter the buddying process.
2. Both players must be boys, or both players must be girls.
3. If a player in the U7 division requests a buddy in the U8 division, the buddies will play in the U8 division.
4. One buddy per player. We will not accept buddy requests for more than two players, nor will we accept buddy requests with the same player listed on more than one form. Players already “buddying” with a sibling (or siblings), and players associated through the coach/assistant coach pairings may not submit a second buddy form.

Do not fill out this form if the players' parents are signed up to coach together with the coaching department.
